

A baby with light brown hair and dark eyes is sitting and looking directly at the camera. The baby is wearing a green military-style short-sleeved shirt with a "CAPTAIN" name tag on the left chest and a sergeant's rank insignia on the right sleeve. The background is a blurred American flag with red and white stripes and blue stars. The top of the image has a purple banner with white stars, and the bottom has a red and white star-patterned border.

Military Discount IVF Program

We have always been sensitive to the financial needs of Tricare members who do not have fertility treatment coverage.

On December 1, 2009, Delaware Valley Institute of Fertility & Genetics (DVIF&G) began our Military Discount IVF Program – putting us at the forefront of Fertility Care for our patients in the armed forces. We have had hundreds of couples grow their families with the assistance of this unique program.

Our practice guarantees that you will receive the best care with the best results for the best price.

Join what the other couples in your area have already discovered.

Our practice administrator Carla Scott will discuss your needs, answer your questions and schedule an appointment for you to meet with one of our physicians at the center closest to you.
