

Sperm Donor Information

The following sperm banks are commonly used for purchase; you may use another sperm bank, but please let us know prior to confirm that the sperm bank meets the standard requirements.

- California Cryobank 11915 La Grange Ave Los Angeles, CA 90025 1-800-977-3761 www.cryobank.com
- Fairfax Cryobank 3015 Williams Drive, Suite 110 Fairfax, VA 22031 1-800-338-8407 www.fairfaxcryobank.com
- Manhattan Cryobank 877 Park Avenue New York, NY 10075 1-877-396-2796 www.manhattancryobank.com
- Xytex Corporation 1776 Peachtree Street, Suite 175 Atlanta, GA 30309 1-800-277-3210 www.xytex.com

It is **required** that the donor profile and genetic testing be reviewed by a provider prior to ordering. Please email amanda@startfertility.com once you feel you have found a donor. Please list the name of the bank and the donor # in your e-mail. If you've downloaded the genetic testing summary, please attach this to the email. This will simplify and expedite the process!

After the donor has been reviewed and approved, please fill out the donor sperm consent forms either in office or have them notarized. If they are notarized, they can be emailed to our lab staff; kerri@startfertility.com or rachel@startfertility.com.

IUI Patients: Please order at least 2 vials of IUI Ready (Washed) vials.

IVF Patients: Please order at least 2 vials of ICI (Unwashed) vials.

The sperm should be shipped to our lab at:

Delaware Valley Institute of Fertility & Genetics
6000 Sagemore Drive
Marlton, NJ 08053

Your purchase should be shipped no later than cycle day 1.
